
NEWS

The Third Arnold Sommerfeld Lecture Series will take place on June 21 – 27 and will be delivered by Leonard Susskind (Stanford University, USA).

Leonard Susskind is widely regarded as one of the fathers of string theory. His latest contributions to string theory include the principle of black hole complementarity, the holographic principle and the idea of an anthropic string theory landscape.

Please consult the program below for further details on the lecture series.

Tuesday, 20.06.06

Condensed Matter Theory Seminar

11.00 h s.t.
Room 449
Theresienstraße 37 / IV

Beate Schmittmann
Virginia Polytechnic Institute
and State University, USA
**From asymmetric exclusion processes
to protein synthesis**

Wednesday, 21.06.06

ARNOLD SOMMERFELD LECTURE SERIES

Sommerfeld Theory Colloquium

11.15 h
Room 348 / 349
Theresienstr. 37 / III

Leonard Susskind
Stanford University, USA
The Cosmic landscape and the world as a hologram

**Coffee and cookies at 11.00 h
in room 317 / 318**

Thursday, 22.06.05

ARNOLD SOMMERFELD LECTURE SERIES

Fields and Strings

16.00 h s.t.
Room 348 / 349
Theresienstr. 37 / III

Leonard Susskind
Stanford University, USA
To be announced
